Subject Index

A

- AAGSP; *see* Association of American Soap and Glycerine Producers
- ABS; *see* Alkyl benzene sulfonate
- Accidents; *see* Safety; Safety programs
- Accounting; *see also* Billing
 Akron, Ohio, system of, 1002
 electronic equipment for, 537
 Rockford, Ill., method of, to control fund diversion, 917
- Activated alumina; fluoride removal with, 33
- Activated silica; *see* Silica
- Administration; *see also* Management; Managers
 report of committee on, 544
- Aeration; types of equipment for, 699
 U-tube apparatus for, 879
- Aerial surveys; US Geological Survey services for, 502
 usefulness of, in planning for growth, 203
- Agriculture; *see* Irrigation
- Air conditioning; relation of temperature to water use for, 226
 trends in growth and regulation of, 75 (erratum, 309), 371
- Air pollution control; EJC policy statement on, 1483
- Akron, Ohio; budget and accounting system at, 1002
- Alabama; Sheffield; low-cost automation at, 645
- Alcohol; *see* Hexadecanol
- Algae; *see* Aquatic organisms and growths
- Alkalinity; calculation of, 800
- Alkyl benzene sulfonate; methods for determination of, 1343
- Alum; *see also* Coagulation
 activation of silica with, 56
 liquid; use of, at Richmond, Va., 1259
- Alumina; activated; fluoride removal with, 33
- American Medical Association; fluoridation statement by, 28
- American Standards Association; hose coupling thread standard of, 1119
- American Water Works Association; annual conference—Dallas, Tex., 1626
 audit of funds; report of, 571
 awards; individual, 1629
 safety, 1630
 section membership; standings for, 577
- AWWA (*contd.*); California Section; role of, in development of water service rules and standards, 130
 certification program of, 1539, 1542
 change in membership dues of, 1538
 committee reports and activities; allowances for water hammer, 340
 analytical methods for synthetic detergents, 1343
 artificial ground water recharge, 865
 Dallas conference (personnel), 1626
 joint; backflow preventers, 1589
 certification and training (formation), 820
 uniformity of methods of water examination, 835
 public information, 453, 1261, 1263
Standard Methods; boron determination, 827
 total-chromium determination, 832
 water use, 1408
 water use in air conditioning, 75 (erratum, 309)
 water works administration, 544
 water works practice, 553 (erratum, 1210)
- "Do It Now" campaign of, 1092
- Intermountain Section; organization of, 788
- Iowa Section; report of information survey committee of, 375
 membership statistics for, 578
 policy of, on certification, 1542
 on membrane filter procedure, 72
 on reservoir recreational use, 579
 development of, 1061
 publications report, 562
 section meeting programs and attendance, 1638
 standards; butterfly valves (C504, C505); revision of, 1001
 copper sulfate (B602), 151
 deep wells (A100); revision of, 1418
 dimensions for steel pipe fittings (C208); revision of, 391
 enforcement of, 1539, 1542
 fire hydrants; discussion of, 954
 wet-barrel (C503), 1111
 liquid chlorine (B301), 297
 reinforced concrete pipe (C300, C302); revision of, 660
 status of, 553 (erratum, 1210)

AWWA (*contd.*); Water Works Advancement program of, 454, 1261, 1263
 Ames, Iowa; air-conditioning demand at, 226
 Analyzers; customer record analysis by, as aid in solving water system problems, 1399, 1406
 network; description and operation of, 15
 Annexation; *see* Suburban areas
 Anion-cation balances; use of control chart for, 1365
 Aquatic organisms and growths; accumulation of radioactivity by, in streams, 1510
 algae; chlorine for control of, 29
 chlorophenyl dimethyl urea for control of, 417
 Chanute, Kan., study of, in reclaimed water, 1044
 effect of river basin control on, 1194
 Streptomyces; residual copper for control of odors due to, 482
 types and problems of, in Chesapeake Bay area, 938
 Aquifers; *see* Ground water; Recharge
 Arkansas; watershed and reservoir protection in, 793
 Arkansas River; quality study of, 1166
 Arkansas-White-Red Basins Inter-Agency Committee; organization and purpose of, 1175
 Artificial recharge; *see* Recharge
 ASA; *see* American Standards Association
 Asbestos-cement pipe; applications and standards for, 257
 conformity of Italit brand of, to AWWA standard, 1210
 water hammer allowances for, 352
 Asphalt; coating of steel pipe with, 150
 Association of American Soap and Glycerine Producers; phosphate determination method proposed by, 1563
 Atlanta, Ga.; control of main breaks at, 1288
 Atomic energy; *see* Radio-
 Audit of AWWA funds, report of, 571
 Austin, Tex.; meter records at, 1404
 Authorities; *see* Districts
 Automatic equipment; *see* Equipment (control)

B

Backflow preventers; types and value of, for cross connection control, 1589
 use of, at Oak Ridge, Tenn., 634
 Bacteria; *see also* Membrane filters
 Chanute, Kan., study of, in reclaimed water, 1044

Bacteria (*contd.*); coliform; study of, in Detroit River area, 668
 iron; cultivation and morphology of, 1241
 Bactericides; *see* Chlorination; Chlorine
 Billing; *see also* Accounting
 machine; considerations in, 537
 Dallas, Tex., system of, 1395
 Hamilton, Ohio, conversion to, 449
 Bonds; *see also* Financing
 factors in investors' evaluation of, 215
 general considerations in financing by means of, 919
 municipal; index of interest rates on, 710
 Booster stations; *see* Equipment (control); Pumping stations; Pumps
 Boron; proposed standard methods for determination of, 827
 Breaks; *see* Pipelines; Water hammer
 Bremerton, Wash.; construction of Union River Dam at, 105, *January cover*
 Brines; Kansas law on disposal of, 1181
 Brucine; procedure for nitrate determination with, 824
 Budgets; preparation and control of, at Akron, Ohio, 1002
 Bull Run River; watershed research program for, at Portland, Ore., 110
 Butterfly valves; revision of standards for, 1001

C

California; *see also* East Bay Municipal Utility District; Fontana; Los Angeles; Metropolitan Water District of Southern California; San Francisco Bay area development projects; economics of, 842
 multipurpose; legal aspects of, 358
 Public Utilities Commission rules and standards for water service in, 129, 388
 regulatory problems of privately owned utilities in, 385
 small-utility financing in, 221
 supply and treatment cost comparisons for, 45
 vehicular laws in, 495, 497
 California Section, AWWA; role of, in development of water service rules and standards, 130
 California type hydrants; AWWA standard for, 1111
 Canada; *see also* Ontario
 use of plastic pipe in, 1450
 Carbonate; effect of deposits of, on pipe corrosion, 1419

- Cast-iron pipe; effects of water quality on corrosion of, 1419, 1429
single-gasket joints for, 1227
water hammer allowances for, 349
- Cement; *see* Asbestos-cement pipe; Concrete pipe; Gunite
- Cepi "water conditioner"; experimental performance of, 1371
- Certification; personnel; formation of joint AWWA-CSSE committee on, 820
need for uniformity in, 1575
water works material; AWWA program for, 1539, 1542
- Chanute, Kan.; emergency use of reclaimed water at, 1021, *August cover*
- Charges; *see also* Rates
air-conditioning; basis for, 372
survey of, 78 (erratum, 309)
- Charlotte, N.C.; construction work at, *February cover*
growth of water system of, 197
- Chesapeake Bay area; aquatic organisms and growths in, 928
- Chicago; University of; cloud-seeding research at, 185
- Chicago, Ill.; distribution division safety program at, 1101
fluoride shortage at, 1086
study of radioactivity in water supply of, 551
- Chlorination; algae control by, 29
tests and instruments for control of, 489
- Chlorine; activation of silica with, 59
combined; persistence of, in Gary-Hobart, Ind., system, 1250
liquid; AWWA standard for, 297
- Chlorine dioxide; methods of generation and measurement of, 1453
- Chlorophenyl dimethyl urea; algae control with, 417
- Chromium; total; proposed standard method for determination of, 832
- Clays; exchange capacities of, in relation to radioactivity transport, 607
- Cleveland, Ohio; status of plastic pipe for water service in, 1452
- Cloud seeding; research on, 185
- CMU; *see* Chlorophenyl dimethyl urea
- Coagulation; activated silica as aid in, 56, 61
centrifuge-photometer method for control of, 479
conductometric control of, 410
electrophoretic studies of, 1467
fluoride removal by, 423
jar tests for, 225 (erratum)
liquid alum for, 1259
- Coagulation (*contd.*); polyelectrolytes as aids in, 463
US Public Health Service reports on, 462, 1064
radioactivity removal by, 590, 1490
- Coatings; carbonate; effect of, on pipe corrosion, 1419
steel pipe; asphalt for, 150
plastic for, 1065
- Coliform bacteria; *see* Bacteria
- Color codes; scheme of, for hydrants, 1120
- Colorado River; lower; recreational development of, 1201, *September cover*
quality-monitoring program for, 1223
- Colorado River Aqueduct; operation of, 1121
- Committee reports; *see* American Water Works Association; Association of American Soap and Glycerine Producers
- Computers; *see* Analyzers
- Concrete pipe; revision of AWWA standards for, 660
water hammer allowances for, 354
- Conductivity difference; coagulation control by, 410
- Conference of State Sanitary Engineers; certification and training committee formed with AWWA by, 820
- Conservation; survey of air-conditioning regulations with regard to, 81 (erratum, 309)
water resources; legislation on, 759
- Construction; bridge; pipe support method during, 60
concrete reservoirs, 97
pipeline; study of embankment stability in, 287
public relations aspects of, 1306
reservoir; gunite for, 392, *March cover*
responsibility of engineer in, 179
Union River Dam, 105, *January cover*
water utility; California utilities commission standards for, 143, 388
"Do It Now" campaign for, 1092
well; methods of, 769, 777
- Consultants; engineering; responsibility of, in plant construction, 179
utilization of, in preparation for rate and bond hearings, 923
legal; role of, in multipurpose developments, 357
- Consumption; *see also* Demand; Use
effect of climate on, 1408
electronic analysis of customer records to obtain data on, 1399, 1406
maximum-day; mathematical analysis of, 1391

Contra Costa Canal; photo of, *May cover*
 Control equipment; *see* Equipment
 Cooling water; *see* Air conditioning
 Copper; odor control with, 481
 Copper sulfate; AWWA standard for, 151
 Corrosion; *see also* Coatings
 chemical-feed lines impaired by, 1549
 experimental performance of "water conditioner" units for control of, 1371
 pipe; carbonate deposits for protection against, 1419
 effects of water quality on, 1429
 stray-current; problems of, due to transit modernization, 1231
 underground-structure; National Bureau of Standards study of, 1581
 Costs; detergents and softening, 1356
 distribution storage, 662
 insurance, 1094
 irrigation sprinkler systems, 318
 mains and installation, 255
 meter maintenance, 513
 regional water supply projects, 1136
 saline water conversion, 52, 323
 service installations, 334
 treatment plants, 45
 use of indexes for, in computing fair value, 915
 water supply, 52
 water works; index of, 710
 Courts; *see* Legislation; Litigation
 Cross connections; backflow preventers for control of, 634, 1589
 Oak Ridge, Tenn., problems with, 628
 CSSE; *see* Conference of State Sanitary Engineers
 Culture media; *see* Membrane filters
 Cumberland, Ind.; water supply expansion at, 907
 Customers; *see* Consumption; Demand; Public relations; Regulations

D

Dallas, Tex.; electronic customer record system at, 1395
 leak detection and meter maintenance at, 925
 mathematical analysis of maximum-day water use at, 1391
 1958 AWWA conference at, 1626
 photo of auditorium at, *April cover*
 Dams; *see also* Reservoirs
 Union River; construction of, 105, *January cover*
 Defluoridation; activated alumina for, 33
 alum compared with other methods of, 423
 Demand; *see also* Consumption
 air-conditioning; relation of temperature to, 226
 trend in, 77 (erratum, 309), 371
 irrigation; data on, 312
 load factor problems due to growth of, 369
 pipe sizing to meet anticipated increases in, 252
 population forecasting for measurement of, 655
 residential; trends in, 1411
 Demineralization; *see* Saline water conversion; Softening
 Design; filter plant, 271
 pipeline; water hammer allowances in, 340
 solution feed lines, 1549
 treatment plant, 965
 water utility; California utilities commission standards for, 140, 388
 wells, 769, 777
 Detergents; *see* Synthetic detergents
 Detroit, Mich.; population forecasting at, 657
 Detroit River; quality studies on, 668
 Development; Colorado River; California plans for, 1125
 lower; recreational features of, 1201
 Missouri River Basin; South Dakota program for, 212
 Sabine River Basin; plans for, 983
 water resources; economic considerations involved in, 839
 multipurpose; role of attorney in, 357
 Texas; survey of, 1157
 water supply; Charlotte, N.C.; description of, 197
 Essex County, Ont.; plan for, 1131
 regional; financing of, 1136
 Seattle, Wash.; Tolt River project for, 115
 supplemental; San Francisco Bay area need for, 679
 Washington, D.C. area; plans for, 889
 Yadkin River; proposal for, 1154
 Disinfection; *see* Chlorination; Chlorine
 Distribution systems; *see also* Analyzers;
 Cross connections; Hydrants; Leaks;
 Pipe; Pipelines; Pumping stations;
 Services; Tanks
 economic advantages of storage for improvement of, 661
 use of McIlroy analyzer for, 15
 water hammer as cause of failure in, 344

Districts; *see also* Suburban areas
 financing of water supply projects for, 1136
 metropolitan; Toronto, Ont.; water supply system of, 1619
 Washington, D.C.; plans for water supply expansion in, 889
 Texas; development plans of, 1161
 Wayne County, Mich.; facilities of, 665
 Diversion; fund; control of, at Rockford, Ill., 917
 Drought; effect of, on impounded supplies in Iowa, 233

 billing and accounting; electronic, 449, 537
 control (automatic and remote); chemical feeding; accuracy of, 884
 chlorination, 491
 coagulation, 479
 distribution system load, 7
 treatment and distribution; low cost, 645
 laboratory; alkalinity determination, 808
 fluoride distillation, 534
 leak, pipe, and valve location, 1311
 lime handling and feeding, 263
 radionuclide identification, 617, 621
Escherichia coli; *see* Bacteria (coliform)
 Essex County, Ont.; development of water supply for, 1131
 Evaporation; research on reduction of, in reservoirs, 846, 855
 Evis "water conditioner"; experimental performance of, 1371
 Excavations; proper methods of breaking and repairing pavement in, 335

Excavations (*contd.*); reduction of traffic interference from, 302
 study of embankment stability in, 287
 Exchange; ion; radioactivity transport related to, 607
 Expenses; *see* Budgets; Costs; Financing

 water utility; considerations in, 709
 Fire hydrants; *see* Hydrants
 Fire protection; effect of annexation on requirements for, 900
 methods of water use for, 1315, *October cover*
 Fittings; steel pipe; revision of standard on dimensions for, 391
 Flocculation; *see* Coagulation
 Flood control; *see* Development
 Florida; Miami; silicofluoride-activated silica used at, 65
 Flow; stream; Ohio River; study of, 399 (erratum, 620)
 Fluoridation; accuracy of control of, 1385 (erratum)
 American Medical Association statement on, 28
 availability of chemicals for, 1083, 1090
 legal aspects of, 758, 1330

Fluoride; phosphate rock as source of, 1083
 removal of, by activated alumina, 33
 by alum and other methods, 423
 simplified distillation method for, 530
 sodium silico-; activation of silica with, 61
 Foam; improved fire control with, 1327,
 October cover
 Fontana, Calif.; gunite lining of reservoir
 at, 397, *March cover*
 Forecasting; population; problems and tech-
 niques of, 655
 Forestry; proper application of, on water-
 sheds, 980
 Fort Wayne, Ind.; water supply planning at,
 203
 Fort Worth, Tex.; meter maintenance at, 932
 Fringe areas; *see* Suburban areas

G

Gallionella; cultivation and morphology of,
 1241
 Gary-Hobart, Ind.; persistence of chlorine
 residual in system of, 1250
 Gate valves; AWWA certification program
 applicable to, 1541, 1544
 Geophysics; ground water location by, 175
 Georgia; Atlanta; control of main breaks
